

### GLOBAL QA

Corpac's own skilled QA team inspects and oversees quality at every step. From mill through delivery, our skilled engineers, manufacturers and logistics experts work together to ensure integrity, compliance and timely delivery.

### TURNKEY SOLUTIONS

Our comprehensive inventory and global network of mills enable us to fulfill your requirements with immediate availability for a wide range of sizes and grades, as well as to provide global mill sourcing for specialized projects.

### SPECIAL SERVICES

We provide coatings, galvanizing, beveling, threading, slotting, cut-to-length, bends, quench and temper, fabrication, double-jointing and on-site assistance.

### CROSSOVER DISTRIBUTION MODEL

Corpac provides a range of services spanning the global supply chain by integrating the roles of manufacturers, trading companies, distributors and logistics providers.

### SUPPLY CONTRACTS JUST IN TIME PROGRAMS

We design these predetermined delivery schedules specifically for each customer, to meet product flow, while safeguarding on-site stock depletion and minimizing storage space and costs. Deliveries can be set to single, multiple or roving locations based on project needs.

Corpac Steel Products is a leading global supplier and trader of pipe and steel products, specializing in line pipe, standard pipe, OCTG, conduit and structural products.

Our experience in supplying complex, diverse steel products and solutions is your advantage. Since 1992, we've served clients from regional distributors to global conglomerates participating in some of the most challenging infrastructure projects throughout the world.

### CORE INDUSTRIES

#### Oil & Gas

Pipelines/Transmission  
Midstream/Gas Processing  
E&P (Exploration & Production)  
Petrochemical/Refining  
Offshore Facilities

#### Civil Infrastructure

Airports  
Bridges  
Roads  
Canals  
Locks

#### General Construction

Commercial Buildings  
Retail  
Educational Facilities  
Government Buildings  
Hospitals  
Medical Facilities  
Hotels  
Apartments  
Housing

#### Alternative Energy

Thermal and Hydroelectric  
Power Plants  
Waste-to-Energy Plants  
Transmission Lines  
Substations  
Cogeneration Plants

#### Telecom

Transmission Lines Cabling  
Towers and Antennae  
Data Centers and Web Hotels

#### Industrial Process

Pulp and Paper Mills  
Steel Mills  
Nonferrous Metal Refineries  
Pharmaceutical Plants  
Chemical Plants  
Food & Other Processing Plants  
Mining

#### Water Supply Waste Water

Dams  
Reservoirs  
Transmission Pipelines  
Distribution Mains  
Irrigation Canals  
Desalination and Potability Treatment Plants  
Pumping Stations

### CORE PRODUCTS

#### Energy Tubulars

Line Pipe, Casing, Tubing, Drill Pipe.

#### Standard Tubulars

Standard Pipe, Abrasive Resistant Pipe, Ductile Cast Iron.

#### Structural Products

Structural Pipe, Offshore Structures, HRC & Plate Products, Steel Beams & Shapes, Combi-Wall & Tubular Sheet Pile.

#### Electrical Conduits

EMT, IMC & Rigid,  
Other Products.
