

## Our Solutions, Your Edge

### GLOBAL QA

Corpac's own skilled QA team inspects and oversees quality at every step. From mill through delivery, our skilled engineers, manufacturers and logistics experts work together to ensure integrity, compliance and timely delivery.

### TURNKEY SOLUTIONS

Our comprehensive inventory and global network of mills enable us to fulfill your requirements with immediate availability for a wide range of sizes and grades, as well as to provide global mill sourcing for specialized projects.

### SPECIAL SERVICES

We provide coatings, galvanizing, beveling, threading, slotting, cut-to-length, bends, quench and temper, fabrication, double jointing and on-site assistance.

### CROSSOVER DISTRIBUTION MODEL

Corpac provides a range of services spanning the global supply chain by integrating the roles of manufacturers, trading companies, distributors and logistics providers.

### SUPPLY CONTRACTS

#### JUST IN TIME PROGRAMS

We design these predetermined delivery schedules specifically for each customer, to meet product flow, while safeguarding on-site stock depletion and minimizing storage space and costs. Deliveries can be set to single, multiple or roving locations based on project needs.

## Global Distributors of Pipe & Steel

# HARNESS THE POWER OF CORPAC

Corpac is a global distributor of pipe and steel, specializing in energy tubulars, valves, flanges and fittings, standard pipe, HDPE pipe and accessories, structural and construction products, and more.

Our experience in supplying complex, diverse steel products and solutions is your advantage. Since 1992, we've served clients from regional distributors to global conglomerates participating in some of the most challenging energy and infrastructure projects throughout the world.

### CORE INDUSTRIES

#### Oil & Gas

Pipelines / Transmission  
Midstream/Gas Processing  
E&P (Exploration & Production)  
Petrochemical / Refining  
Offshore Facilities

#### Gen. Construction

Commercial Buildings  
Retail  
Educational Facilities  
Government Buildings  
Hospitals  
Med. Facilities  
Hotels  
Apartments  
Housing

#### Telecom

Transmission Lines  
Towers & Antennae  
Data Centers & Web Hotels

#### Water Supply, Waste Water

Dams  
Reservoirs  
Transmission Pipelines  
Distribution Mains  
Irrigation Canals  
Desalination & Potability Treatment Plants  
Pumping Stations

#### Civil Infrastructure

Airports  
Bridges  
Roads  
Canals  
Locks  
Marine Facilities  
Piers  
Railroads  
Tunnels  
Dredging

#### Alt. Energy

Thermal & Hydroelectric  
Power Plants  
Waste-to-Energy Plants  
Transmission Lines  
Substations  
Cogeneration Plants

#### Industrial Process

Pulp & Paper Mills  
Steel Mills  
Nonferrous Metal Refineries  
Pharmaceutical Plants  
Chemical Plants  
Food & Other Processing Plants  
Mining

### CORE PRODUCTS

#### Energy Tubulars

Line Pipe, Casing, Tubing, Drill Pipe.

#### Standard Tubulars

Standard Pipe, Abrasive Resistant Pipe, Sprinkler Pipe.

#### Structural Products

Structural Pipe, Offshore Structures, Pipe Piles, Sheet Piles, HRC & Plate Products, Steel Beams & Shapes.

#### Electrical Conduits

EMT, IMC & Rigid, Other Products.
