

Our Solutions, Your Edge

GLOBAL QA

Corpac's own skilled QA team inspects and oversees quality at every step. From mill through delivery, our skilled engineers, manufacturers and logistics experts work together to ensure integrity, compliance and timely delivery.

TURNKEY SOLUTIONS

Our comprehensive inventory and global network of mills enable us to fulfill your requirements with immediate availability for a wide range of sizes and grades, as well as to provide global mill sourcing for specialized projects.

SPECIAL SERVICES

We provide coatings, galvanizing, beveling, threading, slotting, cut-to-length, bends, quench and temper, fabrication, double jointing and on-site assistance.

CROSSOVER DISTRIBUTION MODEL

Corpac provides a range of services spanning the global supply chain by integrating the roles of manufacturers, trading companies, distributors and logistics providers.

SUPPLY CONTRACTS

JUST IN TIME PROGRAMS

We design these predetermined delivery schedules specifically for each customer, to meet product flow, while safeguarding on-site stock depletion and minimizing storage space and costs. Deliveries can be set to single, multiple or roving locations based on project needs.

Products & Services

OFFSHORE STRUCTURES

AVAILABLE STEEL GRADES INCLUDE API 2H GR. 50 AND API 2W GR. 50, AND SUPPLEMENTS

All our platform products are manufactured to meet customer requirements and under API 2B specifications with 100% X-rays of circumferential welds, 10% X-rays of longitudinal welds (Pipe Ends at 30° +/-2.5°), and a welding procedure qualified at -40°Celsius.

PROJECT KU S (API 2H)

Bracing Pipe	101 NT	92 MT
Bracing Pipe Outside Diam.	14" - 36"	
Bracing Pipe Wall Thickness	1" - 1.5"	
Bracing Pipe Weight	297 NT <10">	229 NT
Deck Legs	240 NT	318 MT
Deck Legs Outside Diam.	48" & 54"	
Deck Legs Weight	218 MT	
Jacket Legs	622 NT	565 MT
Piles	2,582 NT	2,344 MT

PROJECT ZAAP-A

Bracing Pipe (API 2H Gr50)	142 NT	129 MT
Bracing Pipe Outside Diam.	14" - 36"	
Bracing Pipe Wall Thickness	1" - 1.5"	
Bracing Pipe Weight	297 NT <10">	229 NT
Deck Legs (A36 & API 2H Gr 50)	227 NT	206 MT
Deck Legs Outside Diam.	48" & 60"	
Deck Legs Weight	206 MT	
Jacket Legs	943 NT	856 MT
Piles	2,615 NT	2,373 MT

PROJECT ZAAP-B

Bracing Pipe (API 2H)	140 NT	127 MT
Bracing Pipe Outside Diam.	14" - 36"	
Bracing Pipe Wall Thickness	1" - 1.5"	
Bracing Pipe Weight	297 NT <10">	229 NT
Deck Legs	246 NT	223 MT
Deck Legs Outside Diam.	48" & 54"	
Deck Legs Weight	223 MT	
Jacket Legs	763 NT	692 MT
Piles	2,733 NT	2,480 MT

PROJECT ZAAP-D

Bracing Pipe (API 2H)	142 NT	129 MT
Bracing Pipe Outside Diam.	14" - 36"	
Bracing Pipe Wall Thickness	1" - 1.5"	
Bracing Pipe Weight	297 NT <10">	229 NT
Deck Legs	235 NT	213 MT
Deck Legs Outside Diam.	48" & 60"	
Deck Legs Weight	213 MT	
Jacket Legs	962 NT	873 MT
Piles	2,615 NT	2,373 MT
